Memorandum Clarifying 8-2-21 Side Letter for Board Rules

To clarify concerns regarding the 8-2-21 Side Letter for Board Rules, the parties jointly agree that all other functions of Extra Operator rotation in the Board Rules that are not changed by this Side Letter will remain intact. All other existing Board Rules will remain in effect unless otherwise modified by the parties. By way of a few examples:

1. "Block Work" is not addressed in the **8-2-21 Side Letter** and therefore it is not part of the tentative agreement.
2. Operators will still have an 8-hour guarantee.
3. Operators can still fatigue under the existing rules.
4. Operators can still leave notes for relief after 8 hours.
5. Operators can still work overtime.
